WASHINGTON, DC – The United States Mint (Mint) and the Bureau of Engraving and Printing (BEP) will share booth #478 at the American Numismatic Association's (ANA) World's Fair of Money, August 1 – 5, 2017, at the Colorado Convention Center in Denver, Colorado.

As the Nation's producers of currency and coins, BEP and the Mint have made history by connecting Americans through coins and currency. The bureaus are highlighting their distinguished histories, product excellence, and dedicated employees.

BEP and the Mint are pleased to announce that BEP Director Len Olijar and Mint Acting Deputy Director David Motl will participate in an official ribbon cutting ceremony which is open to the public to kick off the show on Tuesday, August 1 at 12:45 p.m. (CMT).

BEP is showcasing its Billion Dollar Exhibit featuring more than \$1 billion worth of rare antique currency, including sheets of \$100,000 currency notes, Treasury Bonds, and Gold and Silver Certificates. A technical expert will demonstrate currency production on a 19<sup>th</sup> century Spider Press.

As a special treat for collectors, the Mint will display two of the ten **"1933 Gold Double Eagles"** that were the subject of 11 years of litigation, which was recently resolved in favor of the government, and the **"1974-D Aluminum Cent"** recovered in 2016. The coins are a part of the Mint's rich history as it celebrates its 225<sup>th</sup> anniversary. This rare, experimental test piece, as well as the last gold coins intended for circulation, will be on display during show hours each day.

BEP is excited to offer the following new products for sale:

***2017 \$2 Single Note Collection*** – This collection features four \$2 notes with serial numbers beginning with 2017.

***"Constitution Series – Judicial"*** – This card is the third and final print in the **2017 Intaglio Print Subscription Program** which features three cards: Legislative, Executive, and Judicial (branches of the federal government). This series is dedicated to the United States Constitution and features an exquisite compilation of unique, engraved vignettes focusing on the age-old art of intaglio printing.
