**Department of the Treasury
Bureau of Engraving and Printing
2011 Exhibition Program Schedule**

The Bureau of Engraving and Printing (BEP) utilizes its participation at numismatic events to provide a platform for educating the public on the advancements and history of our currency. We accomplish this objective through forging relationships with numismatic societies, educational groups, corporate enterprises, and governmental agencies. Our attendance and participation provide the opportunity to showcase the BEP's business in a manner many people would never be able to experience. This is accomplished by having available our public sales products, educational exhibits such as the Billion Dollar Showcase, demonstrations on currency manufacturing, and by networking and conducting forums and media outreach activities to provide national visibility for the world's leading securities manufacturer.

The BEP will participate in the American Numismatic Association (ANA) World's Fair of Money being held at the Rosemont Arena in Chicago, Illinois - August 15 – 20, 2011.
